

EU Type Examination Certificate

Date: 2021/11/03

n. **469214401/OE**

Validity: 2026/11/02

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: (Responsible of the PPE)	SDE MOTORSPORT s.r.l. via Giorgione, 5 – 31030 ALTIVOLE (TV) – ITALY
Type of PPE:	motorcyclists' protective footwear
Category of PPE:	II : "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.
Model	"PILOT FX FORC610" col. BLACK (99)

Description:

fastening system: by means of four adjustable polymeric straps with ratchet buckle closure and a flap extending from the external side of the shin insert with hook and loop closure;
processing: ideal;
outsole: black rubber (MF0332X);
midsole: red polymeric material (MF0373);
upper: black foam coated with black polymeric material (SI0207) reinforced with grey fabric (SI0187) and black non-woven fabric (SI0004), with grey graphics in the external bootleg;
collar: black microfiber coated with black polymeric material (AC1340), folded on itself;
front and lateral joint: black non-woven fabric coated with black polymeric material (SI0266) coupled with white and grey foam material (IR0114) and grey knitted fabric coated with black polymeric material (SI0161), which also acts as the lining in the front joint only;
rear joint: black non-woven fabric coated with black polymeric material (SI0266) coupled with white and grey foam material (IR0114) and black non-woven fabric (SI0004), completely covered by polymeric inserts;
vamp lining: black felt (SI0292);
quarter lining: black knitted fabric coupled with grey foam (FO0176);
bootleg lining: black knitted fabric coupled with grey foam (FO0175);
collar lining: black microfiber coated with black polymeric material (AC1340);
bellows: black knitted fabric coated with black polymeric material (SI0308);
insole: beige semi-rigid polymeric material (MF0175);
removable insock (perforated): black foam material coupled with black non-woven fabric (MF0357) in contact with the user, used in sizes from 39 to 47; black foam material coupled with black non-woven fabric (MF0365) in contact with the user, used in size 48;
metallic insert of the toe-tip: joined to the footwear by means of screws.

The boot has stiff inserts in polymeric material stitched on the upper, as follows:

- shin insert: black and white marked "FORMA" in black and with white logo (PL1161);
- heel insert: black (PL0593);
- calf insert: black and white (PL1155);
- lateral (external) insert: black and white marked "FORMA" (PL1153);
- lower lateral (internal) insert: black (PL1160);
- higher lateral (internal) insert: black marked "PILOT" (PL1157);
- internal and external ankle insert: black (PL1158).

EU Type Examination Certificate

Date: 2021/11/03

n. **469214401/OE**

Validity: 2026/11/02

Technical Standard: **EN 13634:2017** Protective footwear for motorcycle riders – Requirements and test methods

Intended use: use by motorcyclists for off-road and motocross activities

Size range: from 39 to 48

Technical File: **DC-13974**

Test report: **RCT n° 4013012/E**

Functions and performance levels: **Requirements according to EN 13634:2017:** all mandatory ones, among which:

Height of upper	level 2
Impact abrasion resistance of the upper	level 2
Impact cut resistance of the upper	level 2
Transverse rigidity of the whole footwear	level 2

NOTE: the Technical Standard provides 2 performance levels with level 2 meaning the higher performance.

Marking: printed on a stitched label and displaying the following information:

- **CE Marking;**
- name/Trademark of the Manufacturer;
- item designation (= commercial name + alphanumeric code);
- pictogram to indicate the motorcycle use + nr./year of the reference Standard + levels of performance reached during laboratory tests;
- date of production (month and year);
- pictogram instructing to read the User Manual;
- size indication;
- additional information: "Made in..." and batch number.
