TX-PRO

TX-PRO è il nuovissimo integrale SUOMY di ultima generazione derivato dal mondo racing e composto in TRICARBOCO (carbonio-fibre aramidiche-fibre di vetro) con pregevole finitura in carbonio a vista.

Le affascinanti e ottimizzate forme della calotta sono frutto di approfonditi studi ingegneristici e aerodinamici atti a garantire una leggerezza da riferimento e un comportamento dinamico ineguagliabile sia in strada che in pista. La visiera in classe ottica 1, la visibilità di 90° verticali e 210° periferici sono, come sempre, l'invidiabile marchio di fabbrica di Suomy.

TX-PRO is the brand new latest generation SUOMY full face helmet derived from the racing world and made of TRICARBOCO (carbon-aramidic fibers-glass fibers) with a fine carbon in sight finishing.

The fascinating and optimized shapes of the shell are the result of in-depth engineering and aerodynamic studies aimed at guaranteeing an outstanding lightness and unparalleled dynamic behavior both on the road and on the track. The visor in optical class 1, the 90° vertical and 210° peripheral visibility are, as always, the enviable trademarks of Suomy.

DESIGN / R&D

Le performance tipiche del mondo racing incontrano quelle turistico-sportive per dare vita ad un casco eclettico, dalle soluzioni tecniche adatte davvero a qualsiasi percorso.

The typical performances of the racing world meet the touristic-sports ones to give life to an eclectic helmet, with technical solutions really suitable for any use.
